Key Topics	Timelines, Future Professional Development Events, Scholarships
Discussion	<p>Due to RNASFAA this fall in Fargo, the 2018 fall professional development conference will not occur. Rather than also cancelling the 2019 fall PD event because of HEUG, we have discussed the possibility of having the event the day before. The focus of the event will be on receiving a credential so only one presentation will be needed.</p> <p>The group felt an ideal location for both HEUG as well as PD would be Bismarck as this would be an easy location for most to get to.</p> <p>It was also suggested by Karrie Huber (UMary) that Powerfaids campuses could meet at the same time as HEUG after our PD event giving more NDASFAA members a chance to attend a fall 2019 event.</p> <p>The group would like to continue to award scholarships to NDASFAA members to attend key national trainings such as SI, FSA etc. Heather will work with the NDASFAA board to determine how we can move forward with this.</p>
Action Items and Timelines	<p>December 2018- Heather will reach out to NDASFAA credentialed members to determine availability of possible presenters.</p> <p>January 2019- Heather will reach out to the NDASFAA listserv to see what credential topic members are most interested in. A list of possible topics will be offered based on the availability of a NDASFAA credentialed member.</p> <p>Additional committee timeline forthcoming for posting to the website.</p>
