Access

To access the Scholarship Management System (SMS) visit https://edportal.nd.gov/sms/.

You will need to use your NDUS credentials to access the SMS site. If you have problems accessing your account or forget your username or password visit https://helpdesk.ndus.edu/ndusaccount/ for help.
For new users, please contact Crystal Tangsrud via email (crystal.tangsrud@ndus.edu) with the user’s email address and position (Financial Aid or Registrar).

Roles
Depending on your particular role you will only be able to access certain components within the SMS. Campus Users are divided into two types of users: Financial Aid and Registrar.

**Financial Aid Components**
- Student
- Payments
- Reports

**Registrar Components**
- Student
- Upload

Viewing Student Data

To view student data in the SMS navigate to the **Student** page on the left:

![North Dakota SMS](image)

Then using the **Search for Students** page you can enter information for a specific student or group of students using the standard or **Advanced Search**. This will return only students who have activity at your institution. Please note that EMPLID will can only be used for NDUS EMPLID numbers.

![Search for Students](image)

Once you have completed a search click on the student’s name to proceed to the **Student Page**. This page will show student specific information in the following ways.
Contact Information

The top of the page will show you the student's basic information as it is the SMS. Should the information in this section be incorrect the student may not receive an award or notifications. If you see an error contact the NDUS Financial Aid Office to submit a change.

Displays

- Name
- Date of Birth
- SSN
- Email Address
- Phone Number(s)
- Permanent Address
- Current Address

Scholarship Summary Information

Directly below the contact information you will see a tab with the type of scholarship the student is receiving (currently only Academic or CTE). This tab will contain all of their award information on that scholarship. It is broken into two sections: static/historic and updatable/current.

Static/Historic Data Displayed

- Cohort Year
- High School Grad Date
- EMPLID
- First Eligible Term
- Last Eligible Term
- First Term Awarded

Updatable/Current Data Displayed

- Academic Career Code
  - G = Grad
  - U = Undergrad
- Total Amount Paid
- Last Term Awarded
- Total Terms Awarded
- Total Amount Remaining
- Total Award Amount
- Education Program
Term Snapshot

On the scholarship award tab after the summary information, you find rows for each term the student has been evaluated, starting with the most recent on top. Please note that you do not have access to any of the links/icons in this section as a campus user. If click these icons you will be taken to an “Access Denied” page.

<td>Student is not meeting the minimum number of cumulative credits for their payment number. Should their cumulative hours increase they could regain their eligibility.</td>
</tr>
<tr>
<td>GPA Probation</td>
<td>Y</td>
<td>If a student is not meeting the 2.75 GPA requirement for their first term they will have this status, but are eligible to receive an award. Having this status at Census implies that the student met the fulltime enrollment and cumulative hours requirements. This status alone at End of Term (EOT) indicates cumulative hours are sufficient for their payment number.</td>
</tr>
<tr>
<td>GPA Probation &amp; Not Enrolled Fulltime</td>
<td>N</td>
<td>Students in this status are not meeting the GPA requirement for the most recent term for which they received a payment. In addition, the student is not enrolled in at least 12 credit hours at Census for the current term. As long as they meet the GPA requirement they would be eligible to receive a payment if they enroll in sufficient hours in a future term.</td>
</tr>
<tr>
<td>GPA Probation &amp; Not Meeting Cumulative Credits</td>
<td>N</td>
<td>Students in this status are not meeting the GPA requirement for the most recent term for which they received a payment. In addition, they have not completed sufficient cumulative credits for their payment number. Should the student continue to meeting GPA requirements and complete additional credit hours they could regain eligibility.</td>

Correspondence

At the bottom of the Student Page there is a Correspondence section that will list any emails created or sent to the student within the SMS. This displays the message date, term it applies to, email address, who it was sent by, and a check mark to indicate it was sent. You can click the blue pencil in this section to view more details and view the correspondence itself by clicking the little download symbol at the bottom:
Non-NDUS Registrar Census and End of Term Reporting

NDUS institutions benefit from a direct data extract from the SLDS which houses Campus Solutions data at both Census and End of Term (EOT). This extract is conducted two business days after the NDUS FA Census Date and Special GPA Deadline during the fall/spring semesters. For both NDUS and non-NDUS institutions summer semesters are reported separately.

For non-NDUS institutions needing to report Census and EOT data, click on the Upload link in the left-hand navigation bar. To ensure separation of duties, ONLY Registrars may report required Census and EOT data.
Spreadsheet Downloading

To start, download the spreadsheet for the period of time and processing type you are wanting to report (Census or End of Term). For example, if it is the Fall 2018 Census you would download a 2018 Fall (1910) Census Spreadsheet for your institution as demonstrated below:

This will download a file that includes of the students the SMS shows are eligible for an award in the prompted term at your institution. After downloading the spreadsheet, complete the required sections in **yellow**, save the document, and **upload** the document in the SMS.

Census Files

Census reporting includes the following data:
- Address 3*
- Address 4*
- City*
- State*
- Postal*
- Phone*

*Pre-filled rows. We recommend that when updating/changing name, SSN, or email address you notify the NDUS Financial Aid Office.

Spreadsheet Uploading

Once you have completed your spreadsheet for either Census or EOT reporting you will need to upload it into the SMS. Do this by using the **Upload** page. In the section titled **Spreadsheet Upload** click **Browse**, then select your saved Excel document. Check the radio button to indicate which type of file it is (Census or End or Term), then click the green **Upload** button.

It may take a few minutes to process the sheet but you should see the list of students on a **Process File Data** page. This page has important messages regarding errors, which will be displayed in orange if they exist. If everything looks correct click the green **Submit Data to Staging** button.
You will then be directed to the **Pending Staged Data** page where you can once again review all of the students you submitted. You can also still make changes by checking the box next to a student and then clicking the **Delete** or **Edit** buttons. Otherwise click **Return** to go back to the **Upload** page.

In the unlikely event that the NDUS Financial Aid Office has not processed your Census or EOT reported data you can go and view this data in the “pre-staged” area of the **Upload** page on the right hand side by clicking the blue **Review** button. You can also make edits or delete rows on this until it has been processed by the NDUS Financial Aid Office.
Payment Data
Directly following Census processing by the NDUS Financial Aid Office you should be able to see who passed the criteria for payment and is eligible for payment by going to the Payments page.

Select the term you want to review. Award Status can stay set to All. Early in the term you may want to keep the Search Type as All or No Batch Assigned, this will act like a simulation list.

Once you have reviewed your list notify the NDUS Financial Aid Office of any changes or if you are ready to receive payment.
After a payment is issued you can return to the Payments page and search for reports with a Batch Assigned to get the payment information for that group.

You are then able to click Download Report of students who received payment from that Check Date:
Forecast Report

In the Reports section of the SMS you will find the Forecast Report. This report is designed to be used following Spring End of Term data has been processed by NDUS for your institution. The information it contains should be used to determine who are eligible to receive their ND Scholarships in the following aid year. If you run this prior to Spring EOT your results could be incorrect. This report replaces “renewal reports” and “freshmen reports” that were previously received in SharePoint.

We recommend running this report regularly to catch new awards. Enhancements are planned to give you more parameters for running.

To identify freshmen recipients you can sort/filter the file using the Cohort and Cumulative Paid columns. Freshmen will always be in the latest cohort and will have received $0.

This report includes the following data:

- Last Name
- First Name
- Middle Name
- SSN
- Institution
- Scholarship Type
- Fall Amount
- Spring Amount
- FA Academic Career
- Email Address
- Address 1
- Address 2
- City
- State
- Postal
- Phone
- Cohort
- Cumulative Paid
