EI Committee discussed completing the virtual counselors' workshop and how well it turned out on the website.

There were 27 submissions so far on the NDASFAA Scholarship Application.

Crystal will be updating the trainings and conference page.

Becky will be adding archived files to the website files she received from Judy Hager.

Crystal will send out an email about keeping the directory updated, she has found out that there are some errors that have been errors for a few years. The email will stress having a designated person at each school who will updated EI Committee with changes.
