- Brenda will obtain a logo from the shelter and check on how online monetary donations can be made.
- Melissa Casanova will create a flyer with instructions for institutions.
- Discussed the need to carpool baskets to Williston for institutions not attending and how to transport items to the shelter on the last day of the conference.
- The project will be unveiled several weeks prior to the conference to give offices time to collect items.
- DMCI will service the table at the conference.

2. DMCI Presentation

The conference committee asked the DMCI committee to create a presentation for the conference. It was discussed that Jacquelyn Zeltinger's RNASFAA panel discussion on diversity and inclusion was a big hit. Scott Skaro would be able to present but may not be in person. Scott will reach out to Lindsey OneBear, Cankdeska Cikana Community College to see if she will commit. Brenda will reach out to Jacquelyn. Melissa Casanova will start the presentation with a bead exercise that will highlight biases.
