

Donate today to support survivors and lead the way in creating a community that does not tolerate violence — *building safer tomorrows for future generations.*

With a bold mission to end violence in two generations, CVIC delivers vital safety and healing services throughout Grand Forks County and surrounding communities to adults and children experiencing trauma. We educate youth and professionals about how to stop violence and teach our communities ways to develop healthy relationships.

Safety

When people move from crisis to long-term safety, the cycle of violence ends and hope begins.

- 24-hour crisis response
- Emergency shelter • Safety planning
- Victim advocacy • Legal services
- Safe child visitations/exchanges
- Domestic violence intervention groups
- Court advocacy for victims & witnesses of personal & property crimes

Healing

Proven, evidence-based therapies and supportive services that promote long-term stability provide peace of mind as hope is restored.

- Individual & group therapy
- Support groups • Telehealth/online support
- Transitional housing
- Education & employment counseling

Prevention & Education

We teach our communities, from youth to adults, the skills needed to build healthy relationships and become bystanders who promote a violence-free community and change norms because violence isn't acceptable.

- Professional trainings • Strategic collaboration
- Healthy relationship education in schools and communities
